# OVERVIEW

The Gymnastics BC (GymBC) Interclub program is a Gymnastics For All (GFA) program designed to expand the scope of recreational gymnastics participation in BC.

Interclub provides a training framework and offers opportunities for athletes to attend sanctioned events, at which they **perform** gymnastics routines to showcase personal ability.

Designed for all levels, Interclub does not require a minimum or maximum skill level to participate. The program focuses on the opportunity for gymnasts to **perform** and take pride in **personal achievement**.

**Artistic movement** is encouraged and there are no skill restrictions, provided that the skills are being taught in a safe, progressive manner by a qualified coach. Athletes and coaches have **creative license** in routine development and performances.

The GymBC Interclub program is specifically designed for recreational athletes and is not meant to be used as a developmental competitive or pre-competitive program. CCP compulsory routines are not permitted in the program.

# INTERCLUB CATEGORIES

## CATEGORIES BY DISCIPLINE

	WAG	MAG	TG
PERFORMANCE	X	X	TG CATEGORY CURRENTLY UNDER REVIEW*
PERFORMANCE PLUS	X	X	

## CATEGORY SELECTION

Clubs and coaches are responsible for determining the category that their athletes will perform in.

While understood that every club will have a different philosophy, budget and event goals, categories have been designed to create an opportunity for athletes to proudly showcase skills and routines in an environment shared with peers of similar age and ability levels.

Provided eligibility requirements are met, athletes may move freely from one category to another.

It is recommended that the following aspects be taken into consideration when selecting an athlete's category:

- Athlete age
- Athlete training (hours and stage of Long-Term Athlete Development)
- Athlete skill level (see suggested skill chart in this document)
- Personal goals of each individual athlete
- **Any adaptive needs (if applicable)**

## CATEGORY OVERVIEW

	PERFORMANCE	PERFORMANCE PLUS
AGE ELIGIBILITY	Born in 2018 or earlier	Born in 2016 or earlier
LEVEL	all abilities	intermediate
RECOMMENDED TRAINING HOURS	up to 6 hrs per week	up to 8 hrs per week
ROUTINE FEEDBACK	<b>positive feedback</b> on each apparatus	gold, silver or bronze ribbon or medal that corresponds to the score on each apparatus

# ATHLETE ELIGIBILITY

- There are no exceptions to the age eligibility (pg. 4).
- Athletes must be registered with GymBC as Interclub members.
- in BC, acrobatic gymnastics is considered a GFA discipline. Acrobatic gymnasts must register as Interclub athletes to participate in Interclub events.
- **Adaptive participants are welcome to participate in either category; however, it is recommend that coaches assess individual readiness to be scored before placing an adaptive participant in Performance Plus.**

# COACH ELIGIBILITY

- All coaches must be registered with GymBC.
- Coaches must be a minimum of NCCP Gymnastics Foundations certified.
- CITs should be under the direct supervision of a minimum NCCP Gymnastics Foundations certified coach – CITs should not be directly responsible for the safety of Interclub athletes.
- **For all daily training and events, a coach's certification must match the level of the skill performed by the athlete(s) under that coach's responsibility.**

# ATTIRE

- Female participants should wear a bodysuit/leotard, with or without fitted shorts or leggings. The bodysuit may be short-sleeved or long-sleeved.
- Male participants should wear a singlet with shorts or pants.

*Note: T-shirts are a safety concern, as the shirt may not stay tucked in and cover an athlete's eyes while executing skills. There is also potential for shirts to get caught on apparatus (eg. bars).*

## ROUTINE GUIDELINES

- Floor Routine duration recommendations
  - Performance: 30-60 Seconds
  - Performance Plus: 45-60 Seconds
- Music is optional for women and men's floor exercise and can contain lyrics.

## SAFETY

- Although there are no skill restrictions in Interclub, coaches must be aware that advanced skills require more physical preparation, safe repetitions and athlete ability/readiness.
  - Careful consideration should be made to this when teaching advanced skills with increasing difficulty.
  - It is the responsibility of the coaches to refrain athletes from doing any skill above their physical, mental and emotional readiness.
- Participants should be capable of performing all components of their routine with a reasonable level of mastery and competence consistent with the safety and teaching principles of the NCCP.
- Training principles should be consistent with the the FUN, Fitness and FUNdamentals athlete (stage 2) of the Gymnastics Canada LTD.

## SPOTTING

- A light spot is permitted during performances.
- While an athlete may perform a skill sooner with assistance, doing so independently and displaying personal achievement should be the primary goal.
- **PERFORMANCE PLUS:** Athletes will be given a deduction on the respective apparatus score if they receive a spot (a touch must occur for the deduction to be taken).

# HOSTING GUIDELINES FOR INTERCLUB EVENTS

## GYMBC SANCTION

- Clubs must follow the GymBC sanctioning policy.
- Interclub events must be sanctioned but there is no deadline to submit the sanctioning form.

## WORKPLAN

The event invitation should contain the following information:

- Format of the event, including categories offered.
- Apparatus offered (i.e. women's, men's, trampoline/double mini/tumbling, acrobatic, adaptive, and/or any other).
- Athlete recognition plan and special awards.
- Registration form requesting the following data: athlete's name, club, date of birth, category, selected apparatus; coaches' names and certification.

*Entry Fees: Clubs should make efforts to keep fees reasonable. When Interclub events are combined with another sanctioned event, fees should be reduced.*

## GENERAL

- Host clubs are welcome to set their own formats and offer various apparatus. There are no format requirements and creativity is highly encouraged.
- Interclub events should be athlete-centered and aimed at providing a positive and memorable experience for athletes.
- It is recommended that a host club explore the possibility of offering a separate adaptive session (to allow for a quieter environment) if registration numbers are sufficient to do so.
- There should be no more than 50 participants in one flight or session.
- Each flight or session should last no more than three hours.
- **General Warmup:** minimum of 15 minutes. If events would like to offer a longer general warmup, please ensure that is communicated clearly in your event directives.
- **Apparatus Warmup:** minimum 30 second warmup per athlete. Clubs that have athletes requiring longer apparatus warmups can put forth a request to the host club for an extension.
- It is the host club's responsibility to:
  - Verify that all athletes and coaches participating are current GymBC members.
  - Ensure that adjudicators are properly trained, familiar with their role, and provide each adjudicator with a copy of the Adjudicator Guidelines (pg.14-17) and/or the Interclub Adjudicator Training PowerPoint.

## AWARDS

It is highly recommended that a host club place considerable emphasis on the awards ceremony, highlighting each participant's performance.

### BOTH CATEGORIES

Each athlete is to receive an individual award (ribbon or medal) to recognize their overall participation.

Special performance awards are to be awarded for outstanding performances on each apparatus (see further details on pg. 9).

### PERFORMANCE CATEGORY ONLY

Each athlete is to receive a certificate with **positive** feedback on each routine.

It is recommended that the Meet Director read each certificate before distribution, to ensure only positive (not constructive) comments are included.

### PERFORMANCE PLUS CATEGORY ONLY

Each athlete is to receive a score for each routine, as well as a bronze, silver or gold ribbon or medal that corresponds to the score of each routine.

## - PERFORMANCE

### PROCESS

After each performance, the adjudicator should provide a positive comment written on the participant's certificate. Please:

- Provide meaningful comments to the athletes.
- Pay attention to what the athletes seem proud of – a special skill that they might have been working on, no fall, something teammates congratulate them on, etc.
- Only provide positive feedback: Constructive comments should not be included as it does not fit in the philosophy of the Interclub Performance category.

# ADJUDICATOR GUIDELINES

## - PERFORMANCE PLUS

### PROCESS

1. Score each routine for **quality of movement**. The difficulty performed in the routine has no bearing on the score.
2. Apply any bonus points, then deductions incurred in the routine.

The final score corresponds to the following awards:

- **GOLD** = 8.5- 10.0 points
- **SILVER** = 7.0 - 8.0 points
- **BRONZE** = 5.0- 6.5 points

Performance Plus athletes may also receive an all-around ribbon or medal based on the average of all their scores, using the following criteria:

- **All Around Gold** - Average score is greater than or equal to 8.5 points
- **All Around Silver** - Average score is greater than or equal to 7.0 points
- **All Around Bronze** - Average score is less than 7.0

*If your club uses KScore, please email [info@kscore.ca](mailto:info@kscore.ca) for support to set up all around awards.*
