| WAG National HP Senior | 16 | | 22-23:WAG-HP-SR | 20 | | | | |

* The **NEW "Competitive - UNDECLARED"** categories for MAG and WAG are for clubs who need to register a competitor athlete but do not yet know what category/level the athlete will be competing in. The club can register them in the UNDECLARED category and then change the athlete's competitive category later, after they know what level they will be competing in. The competitive category change **MUST** be completed BY GymBC's **March 1st** competitive category deadline, **or earlier** if the relevant technical committee modifies the deadline for their discipline.

If a club registers an athlete in the UNDECLARED category, they will need to later withdraw the athlete from the UNDECLARED category in order to then register the athlete in the CORRECT competitive category. The club will only be charged the annual membership fee for the athlete ONCE.

Please note: the \$142 membership fee (plus \$8 GymCan fee) will be charged via a subscription so if you see a membership fee of \$0.00, it is not correct. The subscription fee will be added to your invoice.

* Each GymBC club can register an athlete into **ONLY ONE** of the **WAG/MAG** Competitive membership SKUs. If a club needs to change a category for an individual, they first need to withdraw the athlete from the existing category that they are registered in **before** they can register them in the new category.

Withdrawals can be processed by club administrators by logging in to the GymBC Uplifter portal and accessing the specific individual's Participant Profile. Then, click on "My Account", then select the "Participants" menu option on your account page. From there, select your desired participant to view their profile. At the bottom of the profile page you can filter the membership list for the correct membership year and it will then display a list of all registered memberships for that athlete. Withdraw your athlete from the existing competitive category they are registered in, then go ahead and register them in the competitive category that you wish to register them in.

GymBC will enable/disable clubs access to change these categories (as required). Competitive categories cannot be changed after the March 1st deadline, *without petition to the relevant Technical Committee*.

Competitive category withdrawals will NOT be permitted after GymBC's March 1st annual competitive category deadline, or earlier if the relevant technical committee modifies that deadline for their discipline.
