## 2.8 WAG Funding Opportunities

### 2.8.1 Athlete Assistance Program (AAP)

**Type:** Rule

**Decision by:** Committee

**Reference Document:** None

The BC Athlete Assistance Program (BC AAP) is an athlete-centered program of financial assistance funded by the Province of BC and administered by the Sport and Recreation Branch of the Ministry of Tourism, Sport and the Arts. The program seeks to recognize high performance or post-secondary athletes who are participating in programs offered through a provincial sport organization or post-secondary institution and competing in recognized national or international competitions to relieve some of the pressures associated with training and competition needs.

The intent of the program is to provide support to those WAG athletes who are in the position to compete for Team BC and are just below those receiving Sport Canada Athlete carding.

AAP funding is provisional to monies being made available by the Ministry.

#### Objectives

- To focus support to athletes in the "training to compete" and "training to win" stages;
- To contribute to improved performances of Team BC athletes; and,
- To increase the number of BC athletes reaching federal carding status thus expanding BC representation on national teams and at eligible major international multi-sport games.

In order to qualify for Athlete Assistance the athlete must:

- be in good standing with GBC
- be registered to compete in the current competitive year
- have competed and ranked at the preceding Canadian Championships or Canada Games
- fill out and return the completed AAP application form. Incomplete applications will be returned to the athlete. Applications not received by GBC by the stated deadline will not be considered
- attend BC Championships (in the previous year) in one of the following ways:

- compete
- judge, coach or
- take part in a demonstration with full or partial routines
- agree to support and participate in all initiatives of GBC Programming (i.e.: attend Technical Committee designated camps, attempt to qualify for appropriate Team BC events, etc.)
- Athletes accepting AAP funding agree to abide by the Team BC Code of Conduct or otherwise be subject to funding repercussions
- AAP funding is processed in the fall of each year

The list of AAP recipient athletes (without monetary amounts) will be published on the GBC website after committee approval

### **Athlete Appeal Procedure**

In the event an athlete wishes to dispute the AAP selection process he/she may ask, in writing, the Technical Committee to review their decision. If the athlete is still in disagreement with the Technical Committee's final decision, they may appeal through the Gymnastics BC appeal procedure as found in the Governance Section of the Operations Manual.

### **Athletes Unable to attend BC Championships**

HP athletes unable to attend BC Championships must present a request for exemption to the WTC 14 days prior to BC Championships. Reasonable exemptions may include athletes assigned by GymCan for an international assignment. ## Integrated Performance System (IPS) / CSI Targeted Athletes

**Type:** Procedure

**Decision by:** 3<sup>rd</sup> Party

**Reference Document:** None

Gymnastics has been recognized by "viaSport" and by the Canadian Sport Institute Pacific (CSI) as a targeted sport. This means a sport for which there is a strong potential for BC athletes to be named to the National Team. GBC programs benefit from extra funding used to improve programming that benefits all National level athletes, in addition to providing specialized services to targeted athletes.

The list of targeted athletes is determined following Canadian Championships. In some categories/instances, National Team members are identified by GymCan at a different time of the year. The athletes awaiting National Team status will be put on the list with the mention "to be confirmed". Confirmation is made by GymCan directly with CSI. The list is in effect from September 1<sup>st</sup> to August 31<sup>st</sup>. The list of targeted athletes is available on the GBC Website.

### 2.9.1 General Eligibility Requirements

To be identified, athletes must:

- be in good standing with Gymnastics BC and GymCan
- be registered with a BC club
- meet qualification requirement as set out by GymCan for National Team Program
- meet qualification requirements as set out in the chart below

Category	Eligibility Criteria
Canadian Development	On stream to make Senior National team in one to three year, as verified by GymCan : <ul style="list-style-type: none"> <li>- Senior National Team or Junior National Team (non-Sport Canada carded), OR</li> <li>- HP Senior and HP Junior with Top 10 AA or Top 6 on apparatus at the preceding Canadian Championships, Youth National Team</li> </ul>

### 2.9.2 Coaches' Participation in the IPS program:

**Type:** Rule

**Decision by:** Committee

**Reference Document:** None

- Funding for the coaches of CSI targeted athletes is strongly linked to the participation in the IPS program. Targeted coaches will be required to fulfill a series of identified activities to receive funding to CC.
- These activities include (but is not limited to):
  - IST Camps (minimum of 1 camp attendance per competitive season (July 1 to June 30))
  - Completion and submission of required documents by the set deadlines.
  - Completion and submission of the athlete's WC/CC routine content sheet, and preparation plan (if applicable) no later than CC training camp BC Champs.
  - Completion and submission of the WC/CC post-competition report forms.

### 2.9.3 Athletes' Participation in the IPS program:

**Type:** Rule

**Decision by:** Committee

**Reference Document:** None

- These activities include (but is not limited to):
  - IST Camps (minimum of 1 camp attendance per competitive season (mandatory for Targeted athletes only) (July 1 to June 30))

## 4.2 Athlete Mobility and Switching Categories

**Type:** Rules

**Decision by:** Committee

**Reference Document:** None

### 4.2.1 Confirmation of Competitive Level

All competitive levels must be confirmed with GBC by March 1 of the current competitive season. Athletes are allowed to move up levels unrestricted following BC Championships. Athletes may not move down levels without acceptance of written request to the WTC.

### 4.2.2 Changing Levels

Generally, athletes should follow the normal progression, going from lower level categories towards higher level categories (for example, moving from JO 1 to JO 2 to JO 3, etc.).

Clubs must inform GBC Member Service Manager in writing before they compete in a new level at least 10 days before a competition.

**JO 1 to JO 5:**

There are no mobility requirements for athletes registered in JO Levels 1 to 5. Athletes registered in these levels can move up at any time during the season.

Athletes JO 1-5 who are registered for BC Compulsory Championships are locked into their category from March 1 until BC Championships.

**JO 6 to JO 10, Aspire and HP categories:**

Mobility restrictions apply to JO Level 6-10, Aspire and HP categories. Athletes must follow the normal progression going from lower level towards higher level categories (ex. JO 6 moves to JO 7). Clubs must inform GBC Member Service Manager in writing before they compete in a new level at least 10 days before a competition.

**Prior to March 1**, athletes may compete in any level, as long as their choice of category follows the normal progression from their previous year category. For example, if an athlete was registered in the JO 6 category during the previous season, she is not authorized to compete or register in the JO 5 category during the following season. She must register and compete at least in the JO 6 category.

Gymnasts who want to qualify for Team BC events (Westerns or Canadian Championships) must be registered in the appropriate category by the first trial to Canadian Championships (or March 1, whichever is first). Once an athlete has competed in a trial event, she is locked into that category up to and including BC Championships (or a final trials meet that may take place after BC Championships).

**Category Change Request to WTC**

Athlete must request permission to change category in the following cases:

- If she wishes to change category **after the March 1 deadline**,
- If she has already competed at a trial event
- if she does not follow the normal progression (downward), before or after the March 1 deadline

To request a change of category, the club, on behalf of the athlete, must submit a written request to the WAG Technical Coordinator. The request must include the name of the athlete, club, initial category, category requested, and reason for requesting the category change.

Requests are not automatically granted and are determined on a case by case basis.

When the Aspire categories are not invited to a competition, **Aspire 1** athletes may compete in JO 7 or higher. **Aspire 2** athletes may compete in JO 8 or higher. When the HP categories are not invited at a competition, **HP Novice, Junior or Senior** may only compete in **JO10** unless they are too young. In this case they may compete in JO9.

**Athletes moving up after BC Champs:**

Athletes may move up levels after BC Championships (or a final trials meet that may take place after BC Championships) without WTC permission.

**Exceptions to mobility:**

BC Winter Games (BCWG)

Athletes from lower levels may move up to JO 7 to fill zone teams for BCWG and revert back to lower levels without petition. However, please note that there are several restrictions regarding mobility for athletes who compete at the BC Games. Please refer to the BC Games Technical Package for more information.

**4.2.3 Age Groups**

Athletes compete according to their level and birth year. Host clubs may combine 2 or more birth years or split one birth year according to registration numbers. As a guideline, there should not be more than 24 athletes in a grouping award purposes.

#### 4.3.1 Objectives of Each Program

##### Canadian Junior Olympic Program

Canada adopted the USA Junior Olympic Program in 2015. The Canadian Junior Olympic Program (CJO) is similar to the US JO program (with a few differences/adjustments). The program allows for upward mobility through 10 levels based on the 10.0 scoring system. The first 5 levels consist of compulsory routines which emphasize the clean performance of basic elements with specific technical criteria. JO 6 to 10 compete optional routines based on the JO Code of Points.

##### Canadian Aspire Program

The Canadian Aspire Program (CAP) has been established to assist in the development of young athletes as they prepare for higher level competition. The program is dedicated to mastering strong basic skills on all four apparatus upon which to build contemporary advanced elements in the years to come. Although the athletes will not compete "compulsory" routines, their optional

routines will be created from a set of indicated skills, connections and requirements listed for each apparatus. The emphasis is on the quality, not on the quantity of the elements performed. The CAP is an excellent start for all gymnasts as they work to fulfill their potential and eventually compete in the higher levels of the Canadian Junior Olympic (JO) Program or the Canadian High Performance (HP) Program.

### **Canadian High Performance Stream**

The Canadian High Performance Stream (HP) is the preferred pathway for athletes aspiring towards National Team. It is the pathway that will lead a gymnast towards the pursuit of excellence and achievement of medals at the highest international level.

The objective for the HP Stream is to provide technical leadership support and guidelines for athlete development through Novice, Junior and Senior HP categories with the goal of sustaining international success from within our National Teams.

#### 6.6 Team BC Staff

The Team BC staff is a group of volunteers who help coordinate all aspects of team management during events. The table in the Operations Manual Section 10 (Team

- Any individual requesting changes to their flight will be billed with any extra cost incurred because of the change. If they are unable to travel due to sickness or injury, they will be responsible for the fee charged by the airline (the fee will not be charged if GBC is not billed).

## 6.8 Funding for Athletes and coaches

**Type:** Rule

**Decision by:** Committee

**Reference Document:** None

**Note:** Based on approved budgets, staff allocate block funding to each program. The Committee determines funding within their block

For some events, such as the Canadian Championships and Westerns, GBC establishes its budget at the beginning of the season. GBC will pay 100% of the cost for the staff (Chef, Managers and Chaperones) and judges. GBC will provide a set amount of funding for the Team or assigned coaches. GBC will also pay for other expenses like van rental. The remainder of the GBC budget will be split between the participating disciplines. There are three possible funding schemes for events:

- All athletes are funded equally
- Athletes' funding is tier based (the best athletes receive more funding)
- Athletes are self-funded

For other events, GBC will determine, prior to the event, the percentage of total cost or amount that will be subsidized to athletes and coaches. It will be communicated to all clubs as soon as possible. Coaches or athletes who do not follow the GBC guidelines may lose their funding.

- Funding for athletes is linked to their participation in mandatory activities. For example, IPS targeted athletes must participate in selected activities in order to receive maximum funding.
- Only athletes who have met the minimum scores will be considered for funding to attend Canadian Championships.
- Funding may be limited for athletes who have qualified for a Team BC event but are injured and cannot demonstrate full routines prior to departure. This policy is not intended for athletes who are injured on site.

### HP athletes:

- If performing all apparatus: Team BC tier funding
- If not performing all apparatus: Reduced funding or no funding

### JO/Aspire level athletes:

- If performing all apparatus: Team BC tier funding
- If injured and alternate is available: Athlete is replaced
- If injured and no alternate: Removal from team or reduced funding or no funding

### 6.8.1 Expenses for Team BC Members Living Outside of the Lower Mainland

## 6.9 Athlete Selection for Team BC Events

*Type: Rule*

*Decision by: Committee*

*Reference Document: None*

### 6.9.1 Registration to Team BC Trial Events

- Athletes must register with the host organizing committee of the trial competition within the set deadline, and in the appropriate category (completed forms including payment). It is the club's responsibility to register the athletes in the correct category: any athlete registered in the wrong category will be excluded from any selection process.
- All eligible athletes will be granted entry to a trial event. Late fees may apply. GBC will resolve any issue arising between a club and the host club in regards to late registration.

### 6.9.2 Official Naming of Team Members

The WTC will officially name qualifying members after their selection meeting. No member will be confirmed before this official announcement. Clubs are advised to inform athletes and parents of this process.

### 6.9.3 Minimum Scores for Team Selection

*Type: Rule*

*Decision by: Committee*

*Reference Document: None*

Minimum scores ensure athletes who wish to travel as part of Team BC are able to achieve a specific standard of performance at the trial event used for qualification. Official minimum scores will be determined (if applicable) prior to the first trial on a yearly basis. If the top 4 athletes for JO team selection do not meet the minimum standard, the WTC may review the standard and make appropriate adjustments.

Any athlete within 0.2 of the standard may request a review to the WTC for consideration. This review may or may not be heard. If they still do not meet the minimum traveling score, JO athletes may not attend the event, even at their own expense.

### 6.9.4 Injury, Illness, and Injury/Illness Reporting

Team BC members must immediately notify the WTC in writing of any injury which has one of the following effects:

- Prevents the athlete from performing routines for more than 5 consecutive training days
- Prevents the athlete from performing routines within 7 days prior to the departure for the competition
- Prevents the athlete from performing on all apparatus at the required training camp or mock competition when applicable.

- Prior to departure, if an athlete is unable to perform on any apparatus because of illness or injury she will be removed and the next ranked athlete will be taken if available and time permits.
- On site, if an athlete is unable to perform due to injury or illness in so that she no longer can contribute to the team she may be
  - removed from Team (if alternate readily available)
  - moved within the line-up as determined by the team coaches
  - moved to independent status (if applicable)
- Failure to immediately report injury or illness to GBC representative (technical coordinator/director) may result in revocation of funding for coach and athlete.

### **6.9.5 Verification**

Verification of readiness is required for all Team BC athletes at the corresponding CC team training camp. This includes HP, team members and individuals.

Members of the verification committee are determined by the WTC and will be comprised of 3 or 4 people: 1 or 2 judges as assigned by the WTC, 1 WTC member and 1 GBC staff member. All must be independent and not affiliated with the club(s) of the athletes being verified. The verification committee members must be on site at the training camp and will consult with the corresponding team coaches.

The verification committee reserves the right to remove and/or replace an athlete who is unable to compete safely or is unable to perform to the level reasonably required and previously demonstrated during selection. This committee may also recommend removal or reduction of funding for an athlete who cannot verify on all apparatus.

In these rare cases committees will endeavour to consider the rights of all parties and consult the team coaches. Priority will go to the team first and the individual second. Alternates will be used if time permits.

### 6.14 Point System for the selection of Team BC Coaches

**Type:** Rule

**Decision by:** Committee

**Reference Document:** None

Coaches will be selected according to the points they earn for their club from their athletes' placement at the designated trial competition. The following table shows the relationship between athlete placement and the number of points a club earns.

Athlete's Ranking	Club Points
7	1
6	3
5	5
4	7
3	9
2	12
1	15

The club with the most points will name the primary coach and the next ranked club will name the assistant coach. An "Independent athlete" does not carry any points for her coach. Subsequent positions will not be adjusted upwards in the ranking lists.

Once points are awarded, the clubs will be placed in an order based on those points.  
Example:

Club A	15 pts.	Ranked 1 <sup>st</sup>
Club B	12 pts	Ranked 2 <sup>nd</sup>
Club C	9 pts	Ranked 3 <sup>rd</sup>

- In the case of a tie between 2 clubs the club with the athlete with the highest rank prevails
- If the team changes, team coaches do not change, unless the team coach does not have any athletes remaining on the team. A coach cannot be team coach if he/she does not have an athlete on the team
- In the event that the team coach does not have any athletes remaining on the team, the team coaches will be re-assigned. All re-assignments will be based on points allocated at the time of the final ranking of athletes after the last trial. For example; if Club A no longer has athletes on the team, the next

coach would be from club B, even if the new team configuration gave more points to Club C
